Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Controlled / Honest — the controlling speed clears the cluster and dictates soft fractions.

Early Speed Edge: #3 St James the Great holds the front-running edge, validated by a B-grade TS Ignition and B+-grade TS Surge.

Late Kick / Pace Beneficiary: Determined by the locked scenario via the fixed map, the Catbird / Garden Spot horse getting the perfect tracking trip just off the leader is #6 Roja Redemption.

Deep Flow Analysis: This 2 3/8-mile marathon over the National Fences will be a test of extreme stamina and jumping rhythm. St James the Great is likely to assume the role of the primary pacesetter early, navigating the fences with a steady, controlled tempo. Roja Redemption and Salted Carmel will secure ideal tracking positions, keeping the leader well within their sights without overextending. As the field approaches the final jumps, Smart Uncle and the international shipper McTigue are set up to unleash their late kick, utilizing the honest early tempo to time their closing surges over the long final stretch.

B. FIELD SUMMARY (Ranks 5+)

- **#6 Roja Redemption (ML 4/1):** TPN 84 (Tier 2). Solid tracker; lacks the elite raw closing kick of the top choices.
- **#1 Fil Dor (ML 8/1):** TPN 83 (Tier 2). International shipper with back-class, but domestic fitness is a slight question.
- **#2 Take Your Seats (ML 5/1):** TPN 80 (Tier 3). Lacks the finishing velocity to contend for the win here.
- **#4 L'Avvocato (ML 15/1):** TPN 75 (Tier 4). Group form dropper, but current form cycle is entirely clouded.

 Section 5: Automated Deep Dive & Re-Rank

- **The "Proven Capability" Audit:** No Fringe horses possessed the elite 10+ point class edge required to forcefully disrupt the steeplechase form rankings.
- **The "Forgive & Forget" Protocol:** Take Your Seats had a minor bobble last out, but odds were >10-1; value neutral, no promotion.
- **The "Meltdown Hunter":** Pace is Controlled/Honest. No meltdown promotion needed.

 Section 6: Final Rankings & Value Board (Top 5)

Rank	#	Horse	Raw TPN	Norm TPN	ML	Tier	Alert	Rationale
1	7	Smart Uncle	91	100	10/1	1		Massive Power rating edge; distance proven.
2	3	St James the Great	87	95	7/2	1		Tactical speed gives him the jump on the field.
3	8	McTigue	87	95	9/5	1		International shipper with huge back-class; heavily bet.
4	5	Salted Carmel	84	92	12/1	2		Consistent tracking type who fits the exact pace script.
5	6	Roja Redemption	84	92	4/1	2		Fits the trip well but numbers are slightly stagnant.

 Section 7: Overlay Gatekeeper Audit

- **LIVE OVERLAY ():** #7 Smart Uncle (10/1). Top TPN Prime Power and raw velocity with an overlay price tag. Must use.

- **LIVE OVERLAY (⚡):** #5 Salted Carmel (12/1). Sits the ideal trip to pick up pieces if the top two falter.

Quick Race Call & Summary

- **Race Flow:** St James the Great will dictate the marathon tempo with Roja Redemption in tow. Smart Uncle and McTigue will stalk and unleash late over the final jumps.
- **Most Likely Winner:** #7 Smart Uncle — projected to get the best trip and figures edge.
- **Main Danger:** #3 St James the Great — logical threat if the top falters.
- **Value/Chaos Threat:** #5 Salted Carmel — longshot profile who could juice exotics.
- **AI Call:** Expect Smart Uncle to prove best, with St James the Great the danger.

 **Race:** 7 Furlongs. TMMdn 100k
 **Status:** Finalized (v7.0)

Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Alpha Controls
- **TS Ignition (1/4):** B+ (22.51)
- **TS Surge (1/2):** B+ (45.92)
- **TS Closer (Fin):** B (1:24.30)

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Alpha Controls — the controlling speed clears the cluster and dictates soft fractions.

Early Speed Edge: #7 Carmen Amalia holds the front-running edge, validated by a B+-grade TS Ignition and B+-grade TS Surge.

Late Kick / Pace Beneficiary: Determined by the locked scenario via the fixed map, the Catbird / Garden Spot horse getting the perfect tracking trip just off the leader is #2 Fabian's Princess.

Deep Flow Analysis: In this state-bred maiden sprint, the pace dynamic heavily favors the outside draw. Carmen Amalia possesses the field's dominant early speed and is projected to clear from her outer post and dictate the terms. With a stark lack of committed need-the-lead types inside of her, she shouldn't face exhausting pressure. Fabian's Princess will likely secure the garden spot just off her flank. The first-time starters (Promise Me Amelody, Giovanna Marie) will attempt to establish position early, but Carmen Amalia's raw experience and velocity edge give her complete tactical control turning for home.

- **#4 Midnight Honor (ML 10/1):** TPN 75 (Tier 4). Showed very little in debut and is facing a tougher pace structure today.
- **#5 Allegro Brillant (ML 15/1):** TPN 75 (Tier 4). First-time starter lacking the elite gate works of her peers.

 Section 5: Automated Deep Dive & Re-Rank

TrackSmart AI – Race 3 Analysis

 **Track:** Saratoga
 **Date:** Wednesday, August 05, 2026
 **Race:** 1 Mile. TMMdn 115k
 **Status:** Finalized (v7.0)

Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Tactical / Crawl
- **TS Ignition (1/4):** A (23.82)
- **TS Surge (1/2):** B+ (47.91)
- **TS Closer (Fin):** B (1:38.25)

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Tactical / Crawl — the controlling speed clears the cluster and dictates soft fractions.

Early Speed Edge: No lone controlling speed — early positions contested.

Late Kick / Pace Beneficiary: Determined by the locked scenario via the fixed map, the Catbird / Garden Spot horse getting the perfect tracking trip just off the leader is #1 Empress New Groove.

Deep Flow Analysis: This dirt route projects to be a slow, tactical affair. With no true need-the-lead types in the field, Noble Glow will likely inherit the front end by default due to her natural 'E' runstyle, despite her tendency to stalk in her lone sprint debut. Empress New Groove should secure the ideal garden spot tracking right behind her. Because the fractions will be soft, closers like Slow Kara will be severely compromised. Wedelia will attempt to bridge the gap from mid-pack, but the leaders will have plenty of energy left for the stretch drive.

3	3	Maria Louise	89	92	5/2	2		Well-bred first-timer for Pletcher; must respect on pedigree alone.
4	6	Miss Twitter	89	92	8/1	2		First-timer profiling perfectly for this distance.
5	1	Empress New Groove	80	82	8/1	3		Sits the garden spot, but must take a large step forward visually.

Section 7: Overlay Gatekeeper Audit

- LIVE OVERLAY (⚡):** None triggered the strict 6-1 overlay threshold in the top tier, but Miss Twitter (8/1) is a strong exotics inclusion based on the barn's debut metrics.

Quick Race Call & Summary

- Race Flow:** The pace will be slow and tactical. Noble Glow should take the initiative by default, with Empress New Groove tracking comfortably. Wedelia will look to make a sustained wide run.
 - Most Likely Winner:** #2 Noble Glow — projected to get the best trip and figures edge.
 - Main Danger:** #4 Wedelia — logical threat if the top falters.
 - Value/Chaos Threat:** #6 Miss Twitter — longshot profile who could juice exotics.
- AI Call:** Expect Noble Glow to prove best, with Wedelia the danger.

-  **Date:** Wednesday, August 05, 2026
-  **Race:** 1 1/16 Mile (Inner Turf) TMOC 80000n2x
-  **Status:** Finalized (v7.0)

Section 2: Projected Fractions & Final Time

- Pace Scenario:** Contested Turf
- TS Ignition (1/4):** A (22.56)
- TS Surge (1/2):** A (45.98)
- TS Closer (Fin):** A+ (1:41.20)

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Contested Turf — the chaos survivor holds the late kick advantage and is the primary beneficiary of the collapsing pace.

Early Speed Edge: No lone controlling speed — early positions contested.

Late Kick / Pace Beneficiary: Determined by the locked scenario via the fixed map, the Chaos Survivor / Meltdown Beneficiary holds the Late Kick Advantage and is the primary beneficiary of the collapsing pace is #3 Ontario.

Deep Flow Analysis: This turf route features an abundance of early energy. Serendipity and Power of Destiny are

projected to hook up early, pushing the TS Surge well past the par baseline. Flowers for Me will be forced to press this fast tempo, ensuring the front-runners exhaust each other. This sets the table perfectly for the late-kick specialists. Ontario and Relaxx will sit comfortably mid-pack, biding their time. When the early leaders inevitably fade at the top of the stretch, Ontario's devastating turn-of-foot makes her the prime beneficiary to sweep past them all.

B. FIELD SUMMARY (Ranks 5+)

- **#2 Unreasonable (ML 3/1):** TPN 87 (Tier 3). Top tier numbers but projects for a brutal wide trip from the draw.
- **#4 Flowers for Me (ML 15/1):** TPN 84 (Tier 3). Pace dynamics do not suit; likely to be cooked in the duel.
- **#5 Lady Firefoot (ML 8/1):** TPN 75 (Tier 4). Numbers are too slow against this caliber of turf field.

Section 5: Automated Deep Dive & Re-Rank

- **The "Proven Capability" Audit:** No horses in the Fringe tier met the aggressive back-class requirements.
- **The "Forgive & Forget" Protocol:** None triggered.
- **The "Meltdown Hunter":** Pace is Contested Turf. #3 Ontario possesses the field's highest Late Pace metric (92)

and has been elevated into the top tier.

 Section 6: Final Rankings & Value Board (Top 5)

Rank	#	Horse	Raw TPN	Norm TPN	ML	Tier	Alert	Rationale
1	1	Relaxx	104	100	7/2	1		Elite velocity and late kick metrics; gets the perfect setup.
2	3	Ontario	102	98	8/1	1		Sits off a contested pace and possesses the best closing kick.
3	7	Serendipity	91	88	9/5	2		Vulnerable to the pace pressure but class edge keeps her involved.
4	6	Power of Destiny	87	84	5/1	3		Needs to clear early traffic to survive the contested fractions.
5	2	Unreasonable	87	84	3/1	3		Needs a clean trip to unleash her best numbers.

 Section 7: Overlay Gatekeeper Audit

- **LIVE OVERLAY ():** #3 Ontario (8/1). Perfectly drawn and correctly profiled to inhale this field late at a very generous morning line.

 Quick Race Call & Summary

- **Race Flow:** Power of Destiny and Serendipity will mix it up early, ensuring a swift and contested pace. Relaxx will save ground mid-pack, but Ontario is the one to watch late, surging past the tired leaders.
- **Most Likely Winner:** #1 Relaxx — projected to get the best trip and figures edge.
- **Main Danger:** #3 Ontario — logical threat if the top falters.

 TrackSmart AI – Race 5 Analysis

-  **Track:** Saratoga
-  **Date:** Wednesday, August 05, 2026
-  **Race:** 6 Furlongs. OCIm 75000
-  **Status:** Finalized (v7.0)

 Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Alpha Controls
- **TS Ignition (1/4):** A (22.14)
- **TS Surge (1/2):** A+ (44.92)
- **TS Closer (Fin):** B (1:09.95)

 Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Alpha Controls — the controlling speed clears the cluster and dictates soft fractions.

Early Speed Edge: #6 Sharons Beach holds the front-running edge, validated by an A-grade TS Ignition and A+-grade TS Surge.

Late Kick / Pace Beneficiary: Determined by the locked scenario via the fixed map, the Catbird / Garden Spot horse getting the perfect tracking trip just off the leader is #2 Mr. Hooligan.

Deep Flow Analysis: This dirt sprint features extreme early speed, but the historical bias dictates that the fastest early horse will not collapse. Mr. Hooligan and Sharons Beach possess identical, blazing early metrics and are designated as co-controlling speeds. They will jump out together and duel, but the extreme track bias acts as a shield against exhaustion. Ramajay will be forced to chase the scorching fractions. Closers are severely disadvantaged in this scenario, meaning the winner will almost certainly come from the top two speed horses fighting it out to the wire.

B. FIELD SUMMARY (Ranks 5+)

- **#1 Tripp's Promise (ML 8/1):** TPN 75 (Tier 4). Numbers are too slow and the pace dynamic completely works against his closing style.
- **#5 Rochester (ML 20/1):** TPN 75 (Tier 4). Has flashed speed before but figures are well below par for this level.

- **#8 Unauthorized (ML 10/1):** TPN 75 (Tier 4). Needs a massive step forward on speed to be competitive.

Section 5: Automated Deep Dive & Re-Rank

- **The "Proven Capability" Audit:** No Fringe horses met the back-class requirements.
- **The "Forgive & Forget" Protocol:** None triggered.
- **The "Meltdown Hunter":** Pace is Alpha Controls. No closer upgrades.

Section 6: Final Rankings & Value Board (Top 5)

Rank	#	Horse	Raw TPN	Norm TPN	ML	Tier	Alert	Rationale
1	6	Sharons Beach	101	100	8/5	1		Co-controlling speed on a heavy speed bias; extremely tough to catch.
2	2	Mr. Hooligan	99	98	6/1	1		Matches the top pick stride for stride early at a much better price.
3	4	Ramajay	87	86	5/2	2		Sharp figures, but will likely be chasing the top two throughout.
4	7	Imagine John	81	80	6/1	3		Form cycle points to a peak, but raw velocity is a step behind.
5	1	Tripp's Promise	75	74	8/1	4		Closer in a race completely dominated by early speed bias.

Section 7: Overlay Gatekeeper Audit

- **LIVE OVERLAY ():** #2 Mr. Hooligan (6/1). His early metrics are identical to the heavy favorite and he draws inside. Massive win value.

Quick Race Call & Summary

- **Race Flow:** Mr. Hooligan and Sharons Beach will leave the gate together and control the race from start to finish on a deeply speed-biased track. Ramajay will be in hot pursuit but may flatten out late.
 - **Most Likely Winner:** #6 Sharons Beach — projected to get the best trip and figures edge.
 - **Main Danger:** #2 Mr. Hooligan — logical threat if the top falters.
 - **Value/Chaos Threat:** #2 Mr. Hooligan — longshot profile who could juice exotics.

TrackSmart AI – Race 6 Analysis

 **Track:** Saratoga
 **Date:** Wednesday, August 05, 2026
 **Race:** Mdn 115k, 5 1/2 Furlongs (Turf)
 **Status:** Finalized (v7.0)

Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Turf / LP Priority
- **TS Ignition (1/4):** B+ 22.18

- **TS Surge (1/2):** B+ 45.45
- **TS Closer (Fin):** B 1:03.90

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Turf / LP Priority — early fractions are honest but not destructive, leaving the outcome to the best late turn-of-foot.

Early Speed Edge: No lone controlling speed — early positions contested.

Late Kick / Pace Beneficiary: Determined by the locked scenario via the fixed map; the highest TS Closer inherits the jump.

Deep Flow Analysis: In this juvenile turf sprint, the early flow will be dictated by the experienced runners #7 Rockabye and #4 Never Gonna Stop, who both possess natural gate speed but have shown the ability to stalk. Because neither is a suicidal need-the-lead type, the pace projects as honest rather than a meltdown. The lack of destructive pressure favors horses breaking from outside posts who can secure clean, unimpeded tracking trips. The race sets up perfectly for an elite-pedigreed first-time starter or an experienced filly who can launch a decisive late kick down the center of the course.

B. FIELD SUMMARY (Ranks 5+)

- **#6 Queenly (ML 5/1)**: TPN 81 (Fringe). [Clear air draw; solid works but lacks the elite sire power of top picks.]
- **#8 Oh Come On (ML 20/1)**: TPN 80 (Fringe). [Munnings sire helps, but outside draw and low-percentage debut barn cap upside.]
- **#3 Embouteillage (ML 12/1)**: TPN 79 (Fringe). [Kingman turf pedigree is potent, but connections lack first-out strike rate.]
- **#4 Never Gonna Stop (ML 6/1)**: TPN 78 (Fringe). [Faded in debut despite early speed; connections are cold this meet.]
- **#2 Harpoon (ML 12/1)**: TPN 77 (Non-Contender). [Dull dirt debut; sire Cyberknife is untested on grass.]

 Section 5: Automated Deep Dive & Re-Rank (Mandatory)

- **Scan**: Checking all horses ranked outside the Top 3.
- **Trigger A (Standard Back Class)**: No experienced horse possesses a turf speed figure exceeding par.
- **Trigger B (Turf Class Rebound)**: Inapplicable (2yo sprint).
- **Value Promotion Trigger (VPT)**: #1 Shinobu (8/1) is already in the Top 4.
- **The "Hidden Class" Protocol**: #4 Never Gonna Stop is highly rated in class pars but lacks the late kick required for the Turf/LP scenario.
- **Verdict**: The juvenile bimodal scoring holds. #1 Shinobu remains the logical value inclusion based on 2nd-start failsafe parameters.

 Section 6: Final Rankings & Value Board

Rank	#	Horse	Raw TPN	Norm TPN	ML	Tier	Alert	Rationale
1	9	Without Hesitation	95	100	2/1	Top		Elite sire/barn combo; \$2.3m FTS.
2	7	Rockabye	92	96	7/2	Contender		Sharp debut fig; huge 2nd start upside.
3	5	Not My Niche	87	91	8/1	Contender		Brown FTS with bullet turf works.
4	1	Shinobu	83	87	8/1	Contender		Hot debut support; tactical rail trip.
5	6	Queenly	81	85	5/1	Fringe		Weaver FTS demands respect but lags top 2.

 Section 7: Overlay Gatekeeper Audit

- **LIVE OVERLAY (⚡)**: #1 Shinobu (8/1) — Highly bet in debut, moves to preferred surface with a ground-saving trip. Must use in exactas underneath.
- **WATCH OVERLAY (👁️👁️)**: #5 Not My Niche (8/1) — Chad Brown turf debuting fillies are lethal. Essential multi-race coverage.
- **Action**: Box 9, 7, 5, 1 in the superfecta. Key #9 Without Hesitation on top of multi-race wagers.

 Quick Race Call & Summary

- **Race Flow**: The experienced fillies #7 Rockabye and #4 Never Gonna Stop will likely dictate the early tempo, but the outside-drawn first-time starters will be tracking closely in the clear.
- **Most Likely Winner**: #9 Without Hesitation — projects to be a fully cranked, high-priced monster on debut.

- **Main Danger:** #7 Rockabye — possesses the proven race experience and figures to be perfectly positioned.
 - **Value/Chaos Threat:** #5 Not My Niche — premier turf connections ensuring she will be flying late.
- AI Call:** Expect Without Hesitation to prove best, with Rockabye the danger.

TrackSmart AI – Race 7 Analysis

-  **Date:** Wednesday, August 05, 2026
-  **Race:** MC 25000, 6 Furlongs
-  **Status:** Finalized (v7.0)

Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Contested / Honest-Fast
- **TS Ignition (1/4):** A 22.01
- **TS Surge (1/2):** A 45.10
- **TS Closer (Fin):** B 1:11.20

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Contested / Honest-Fast — downgraded from a meltdown because despite genuinely fast fractions, the leaders are proven stalkers rather than suicidal need-the-lead types, amplified by a massive 89% early-speed track bias.

Early Speed Edge: #8 Wingfoot and #10 Unbridled Justice hook up early, but Wingfoot acts as the Controlling Speed and is protected from collapse penalties due to the track's extreme front-end carry.

Late Kick / Pace Beneficiary: The Catbird horse getting the perfect tracking trip just off the leader holds the Late Kick Advantage.

Deep Flow Analysis: This 6-furlong dash features a staggering 89% speed bias that mathematically shields the front end from collapsing. #8 Wingfoot and #10 Unbridled Justice possess elite TS Ignition grades and will aggressively clear from their outside draws. Because none of these front-runners are completely inflexible need-the-lead types, they will establish a fast but sustainable rhythm. The scenario perfectly favors #9 Abrigado, a massive class dropper who can comfortably secure the tactical garden spot just behind the leading pair and pounce in the stretch before the speed biased track allows the leaders to re-break.

- **#1 It's Banksy (ML 12/1):** TPN 64 (Non-Contender). [First-time starter lacking elite pedigree or sharp works.]

 Section 5: Automated Deep Dive & Re-Rank (Mandatory)

- **Scan:** Checking all horses ranked outside the Top 3.

- **Trigger B (Turf Class Rebound):** Inapplicable (Dirt Sprint).
- **Value Promotion Trigger (VPT):** #10 Unbridled Justice (12/1) is already in the Top 4, securing value coverage.
- **The "Hidden Class" Protocol:** None of the bottom-tier horses qualify for top-2 back speed.
- **Verdict:** The raw pace/class plunge math holds. #9 Abrigado and #8 Wingfoot possess massive ceiling advantages in this specific pace dynamic.

 Section 6: Final Rankings & Value Board

Rank	#	Horse	Raw TPN	Norm TPN	ML	Tier	Alert	Rationale

5	7	Draft Riots	83	85	3/1	Fringe		Short-priced dropper but pace setup is hostile.

Section 7: Overlay Gatekeeper Audit

- **LIVE OVERLAY (⚡):** #8 Wingfoot (10/1) — Completely overlooked on the morning line despite possessing the highest raw speed figure and controlling the front end on a massive speed bias.
- **WATCH OVERLAY (👁️):** #10 Unbridled Justice (12/1) — Ortiz takes the mount for a 0% barn, signaling distinct intent.
- **Action:** Exacta box 9-8. Key 9 over 8, 6, 10 in horizontal sequences.

Quick Race Call & Summary

- **Race Flow:** #8 Wingfoot and #10 Unbridled Justice will blast from the outside gates, utilizing the severe rail/speed bias to control the tempo without destroying each other. #9 Abrigado will track immediately behind them.

 - **Main Danger:** #8 Wingfoot — if he clears easily, the 89% speed bias makes him incredibly difficult to reel in.
 - **Value/Chaos Threat:** #10 Unbridled Justice — a live pilot upgrade on a horse with raw gate speed.
- AI Call:** Expect Abrigado to prove best, with Wingfoot the danger.

TrackSmart AI – Race 8 Analysis

Track: Saratoga

Date: Wednesday, August 05, 2026

Race: OC 80000n2x, 1 Mile (Turf)

Status: Finalized (v7.0)

Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Turf / LP Priority
- **TS Ignition (1/4):** A 23.05
- **TS Surge (1/2):** A+ 46.85
- **TS Closer (Fin):** A+ 1:34.50

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Turf / LP Priority — early fractions are honest but not destructive, leaving the outcome to the best late turn-of-foot.

Early Speed Edge: #7 Shore War holds the front-running edge, validated by an A-grade TS Ignition and A+-grade TS Surge.

Late Kick / Pace Beneficiary: The highest TS Closer (turn-of-foot) holds the Late Kick Advantage and is the primary beneficiary of the collapsing pace.

Deep Flow Analysis: In this high-level turf route, #7 Shore War and #4 Pop Art will establish the early tempo. While the

track carries a notable 59% speed bias and a heavy rail advantage, turf routes fundamentally defer to late closing power. Because the front-runners are versatile pressers rather than pure need-the-lead types, they will not burn each other out. However, the true tactical advantage belongs to #3 Tirupati, who possesses a massive Late Pace advantage and will get the first jump on the leaders. The international wild card, #1 Ashikidah, secures a ground-saving inside trip and projects to be highly dangerous tracking the moderate speed.

B. FIELD SUMMARY (Ranks 5+)

- **#7 Shore War (ML 5/1):** TPN 85 (Fringe). [Dictates the pace, but lacks the elite late kick to hold off the closers.]
- **#4 Pop Art (ML 12/1):** TPN 82 (Fringe). [Steps up in class against proven graded stakes quality; speed figures are light.]
- **#5 Marketplaceofideas (ML 8/1):** TPN 81 (Fringe). [Consistent turf router but lacks the explosive turn of foot of the top tier.]

Section 5: Automated Deep Dive & Re-Rank (Mandatory)

- **Scan:** Checking all horses ranked outside the Top 3.
- **Trigger A (Standard Back Class):** #7 Shore War has competitive historical figures but is vulnerable to the LP dynamics of the top contenders.
- **Trigger B (Turf Class Rebound):** Inapplicable (no massive drops).
- **Value Promotion Trigger (VPT):** #2 Gowells Delight (12/1) is naturally inside the Top 4, securing value coverage.
- **The "Hidden Class" Protocol:** #2 Gowells Delight is heavily backed by the APS Class Capacity Edge, acting as a massive overlay in this spot.
- **Verdict:** The LP (Late Pace) sorting logic holds flawlessly. #3 Tirupati is a machine down the lane, and #1 Ashikidah brings massive European upside.

5	7	Shore War	85	87	5/1	Fringe		Front-runner vulnerable to the closers late.

 Section 7: Overlay Gatekeeper Audit

- **TS Surge (1/2):** A 44.90
- **TS Closer (Fin):** B+ 1:23.50

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Alpha Controls — the controlling speed clears the cluster and dictates soft fractions.

Early Speed Edge: #1 Bam's Bliss Kiss holds the front-running edge, validated by an A+-grade TS Ignition and A-grade TS Surge.

Late Kick / Pace Beneficiary: The Catbird / Garden Spot horse getting the perfect tracking trip just off the leader holds the Late Kick Advantage.

Deep Flow Analysis: In this 7-furlong stakes sprint, a massive 76% speed bias and a heavy rail advantage dictate the terms. #1 Bam's Bliss Kiss possesses an overwhelming TS Ignition advantage (Alpha Gap of 7) and will clear the field immediately from the rail, establishing Alpha Control. Because the field is populated entirely by pressers and stalkers rather than suicidal duelers, the pace will be fast but controlled. The primary beneficiaries are the classy trackers #6 Usha and #3 Munnings Express, who will sit the garden trip right behind the speed. However, Bam's Bliss Kiss carries major form concerns, making the trackers the safest win candidates.

B. FIELD SUMMARY (Ranks 5+)

- #2 Landed (ML 10/1): TPN 86 (Fringe). [High class capacity but speed figures have plateaued; needs a total collapse.]
- #4 Sunday Girl (ML 15/1): TPN 82 (Fringe). [Veteran grinder facing significantly faster early speed types.]
- #7 Iron Orchard (ML 8/1): TPN 80 (Fringe). [Has the early gas but completely folded in last start; major bounce risk.]
- #1 Bam's Bliss Kiss (ML 6/1): TPN 78 (Non-Contender). [Massive early speed but collapsed entirely last out (Speed 51); major health/stamina red flag.]

 Section 5: Automated Deep Dive & Re-Rank (Mandatory)

- Scan: Checking all horses ranked outside the Top 3.
- Trigger A (Standard Back Class): #2 Landed possesses elite back class (\$417k earnings) but mechanically cannot overcome the 76% speed bias that carries the front-runners.
- Trigger B (Turf Class Rebound): Inapplicable (Dirt Sprint).
- Value Promotion Trigger (VPT): #8 Naive Melody (12/1) is already in the Top 4, securing value coverage.
- The "Hidden Class" Protocol: None of the bottom-tier horses qualify for top-2 back speed over the heavy favorites.
- Verdict: The pace and bias dynamics are overwhelming. #6 Usha is a tactical monster, and #3 Munnings Express sits the perfect trip.

 Section 6: Final Rankings & Value Board

5	2	Landed	86	88	10/1	Fringe		Needs a pace meltdown that won't materialize.

TrackSmart AI – Race 10 Analysis

-  **Track:** Saratoga
-  **Date:** Wednesday, August 05, 2026
-  **Race:** MC 50000, 1 1/16 Mile (Turf)
-  **Status:** Finalized (v7.0)

Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Turf / LP Priority
- **TS Ignition (1/4):** C+ 24.30
- **TS Surge (1/2):** C 49.10
- **TS Closer (Fin):** B 1:43.90

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Turf / LP Priority — early fractions are soft, leaving the outcome entirely to the best late turn-of-foot.

Early Speed Edge: No lone controlling speed — early positions contested.

Late Kick / Pace Beneficiary: The highest TS Closer (turn-of-foot) holds the Late Kick Advantage and is the primary beneficiary of the soft pace.

Deep Flow Analysis: In this 1 1/16-mile turf route, early speed is virtually non-existent. #9 Followill and #2 Vitalize will inherit the lead by default, but both possess extremely poor TS Surge figures, resulting in a crawling early tempo. On turf, this structure heavily prioritizes Late Pace (turn-of-foot) over early position. The race sets up as a pure sprint to the wire down the lane. #6 Rossbeigh and #10 Classic Commander possess the most potent late kicks and will benefit most from conserving energy in the back half of the field before launching their bids.
