 **Track:** Belmont Park

 **Date:** Wednesday, September 30, 2026

 **Race:** Mdn 100k, 6 Furlongs

 **Status:** Finalized (v6.9.13)

 **Pre-Flight QC** — Race 1: 7/7 horses identity-audited (Gate Checks run for all ≤3-start horses) · Youth Failsafe scan: 7 flagged · Market-Backed Lock: #1 · MCL Live-FTS: N/A · Data anchors verified for all horses

 **Pace & Bias QC** — Race 1: Bias Ledger computed · Pace Roster built (0 E/E-P styled · 0 committed after screening · 6 runners with under two clean lines) · Pace Gate verdict applied · Scenario locked: Unsettled — early speed unproven · Pace Confidence: LOW · Meltdown Reconciliation: N/A · Dirt Forward Tie-Breaker: N/A

Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Unsettled — early speed unproven
- **TS Ignition (1/4):** C+ 23.00
- **TS Surge (1/2):** B- 46.50
- **TS Closer (Fin):** B 1:12.80

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Unsettled — early speed unproven — an honest tempo but how the early speed sorts out is uncertain.

Early Speed Edge: No proven controlling speed — early speed is unsettled.

Late Kick / Pace Beneficiary: #1 Foolin holds the Garden Spot tracking just off the pace, validated by a B-grade TS Closer.

Deep Flow Analysis: With six of the seven entrants possessing only one prior start or making their career debut, the early order out of the gate is a complete guessing game. The fractions should remain honest simply due to greenness and sprint intent, but the lack of established front-runners prevents any suicidal duel. The setup naturally defaults to the inside tracking positions. #1 Foolin, with two solid educational starts under his belt, projects to sit the ideal trip saving ground before getting first run on the stretch. #7 Horizontal Rain and #5 Donegal Luster have the works to show speed but must prove it under live fire.

Pace Confidence: LOW — several runners with little or no early-speed history.

 **Form-Cycle QC** — Race 1: Layoff Checks run for 0 horses off 60+ day breaks (0 waived, 0 penalty stands) · Protected Status applied to 1 horses (#3 / none) · Form Cycle Ledger tracked for Top-4 contenders & all layoff returners

- **TS Surge (1/2):** C+ 48.10

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Unsettled — early speed unproven — an honest tempo but how the early speed sorts out is uncertain.

Early Speed Edge: No proven controlling speed — early speed is unsettled.

Late Kick / Pace Beneficiary: #7 Princess Becca holds the Garden Spot tracking just off the pace, validated by a C-grade TS Closer.

Deep Flow Analysis: With no true need-the-lead types entered and a severe lack of consistent early foot across the board, the opening fractions project to be very soft. #7 Princess Becca should naturally inherit prime forward position based on her superior baseline class and tactical versatility. #5 Miss Lao will likely find a comfortable tracking spot just off her flank without having to exert much energy. As the field turns for home, Princess Becca holds the massive class edge to separate from this group, while deeper closers will struggle to make up ground into a moderate tempo.

Pace Confidence: LOW — several runners with little or no early-speed history.

- **#6 Heavenly Light (ML 4/1):** 67. AI Fair Odds 50/1 (Underlay). Takes a massive class plunge but failed the Speed Gate restriction.

- **TS Ignition (1/4):** A 21.80
- **TS Surge (1/2):** A 44.50
- **TS Closer (Fin):** B+ 1:08.50

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Soft / Vulnerable Lead — soft early fractions but how the early speed sorts out is uncertain.

Early Speed Edge: #3 Until Last Call holds the front-running edge, validated by an A-grade TS Ignition and A-grade TS Surge.

Late Kick / Pace Beneficiary: #7 Light Fantastic is expected to close from off the pace, validated by a B-grade TS Closer.

Deep Flow Analysis: #3 Until Last Call possesses the most consistent early foot and projects to clear the field heading into the turn. However, the early tempo should remain relatively moderate as the numerous other pressers lack true breakaway speed. As they swing into the stretch, the leader's vulnerability becomes apparent, setting the table perfectly for the late runners. #7 Light Fantastic owns a distinct turn of foot and class advantage to roll past the tiring leaders in the final furlong.

Pace Confidence: LOW — the leader's own recent races show her sitting off the pace.

- **TS Closer (Fin):** B 1:11.80

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Unsettled — early speed unproven — an honest tempo but how the early speed sorts out is uncertain.

Early Speed Edge: No proven controlling speed — early speed is unsettled.

Late Kick / Pace Beneficiary: #8 Material Girl is expected to close from off the pace, validated by a C-grade TS Closer.

Deep Flow Analysis: The pace picture is murky, as none of the designated early speed types possess a consistent history of clearing fields and leading wire-to-wire. The opening quarter should be highly contested between several pressers, which typically defaults to a moderate, honest tempo rather than an outright duel. #5 Kaz Farm Girl carries the best recent speed figures but prefers to stalk. With the front end completely unsettled, the race sets up for a closer who can navigate the late traffic. #8 Material Girl boasts an enormous class edge for Chad Brown and possesses the exact late kick necessary to run them down in the final sixteenth.

Pace Confidence: LOW — several runners with little or no early-speed history.

🟢 Form-Cycle QC — Race 4: Layoff Checks run for 2 horses off 60+ day breaks (2 waived, 0 penalty stands) · Protected Status applied to 0 horses (none / none) · Form Cycle Ledger tracked for Top-4 contenders & all layoff returners

The break relies heavily on #2 Lough Currane, who projects to jump sharply and establish a multi-length clearance over a relatively sluggish group of early types. Through the turn, the tempo remains honest but manageable, allowing the leader to dictate terms unchallenged. In the stretch, #8 Tampa Storm is perfectly positioned to capitalize; sitting the ideal tracking trip just off the leader's flank, he gets first run to strike if the front-runner begins to tire. 🌊 Section 3: Race Flow & Trip Shape

- **Projected Race Shape:** Turf / LP Priority — an honest tempo with the leaders likely to test each other early.
- **Early Speed Edge:** #11 Whatta Weekend holds the front-running edge, validated by an A+-grade TS Ignition and A+-grade TS Surge.

Deep Flow Analysis:

The break features #11 Whatta Weekend dictating the early fractions, using her natural sprint speed to secure position heading into the first turn. Through the middle of the turf route, the tempo remains fair but draining as the leaders establish a solid cruising speed over the firm going. In the stretch, early speed naturally gives way to late turn-of-foot, making #4 Two Clicks the prime beneficiary; she has proven capable of sustaining a long closing drive and gets the perfect setup. The heavy class favorite #10 Amazing Gracer sits just behind the early speed, waiting to unleash her superior power.

- **Pace Confidence:** MODERATE — no rival is close enough to press the lone speed securely.
