⏱️ Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Crowded Early Speed
- **TS Ignition (1/4):** A+ —
- **TS Surge (1/2):** A+ —
- **TS Closer (Fin):** A+ —

🌊 Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Crowded Early Speed — No lone controlling speed — early positions contested. #4 R Disaster, #1 Look Forward, and #8 Kerry's Kiss figure to ensure a hot early tempo but face a crowded vanguard.

Deep Flow Analysis:
The break figures to be incredibly sharp and contested with eight speed-styled runners signed on. The turn should see these front-runners testing each other heavily, ensuring the tempo remains genuinely fast and stressful. In the stretch, the setup favors stalkers and closers who can avoid the early fray, though the sheer volume of traffic makes a clean trip paramount. Without a lone speed to dictate terms, those tracking closely must time their moves perfectly to avoid getting caught up in the collapse.

Pace Confidence: LOW — the TS Pace Map conflicts and the sheer volume of early speed types creates major uncertainty regarding who ultimately clears.
TS Pace Map: The TS Pace Map does not place the projected controlling speed at the front.

✅ Form-Cycle QC — Race 4: Layoff Checks run for 2 horses off 60+ day breaks (2 waived, 0 penalty stands) · Protected Status applied to 0 horses (none) · Form Cycle Ledger tracked for Top-4 contenders & all layoff returners
