- Race Flow: Fast / Contested.** With two "8" Early Pace types (#2, #4) and a fresh maiden winner (#3), the pace should be honest to fast.

## Section 3: Race Flow & Trip Shape

- Pace Scenario: Contested** (3 Speed Types: #2, #3, #4).
- Bias Warning:** None specific, though 1 Mile dirt at GP often favors speed.
- The Lead:** #4 Guys Trip is a pure "Need-Lead" type (E 8). #2 Stop Being Greedy has high early speed but is versatile (E/P). #3 What It Tiz just wired a maiden field but faces faster horses today.
- The Stalk:** **#1 He's a Daredevil** (P 2) maps out perfectly to sit the pocket trip behind the speed duel.

- **The Close:** #5 Friolento (P 2) drops in class and will try to pick up pieces if the pace collapses.

## 🏆 Section 5: Automated Deep Dive & Re-Rank

- **Step 1 (Proven Capability):** #1 He's a Daredevil ran an 88 speed figure last out, which is the highest last-out figure in the field (tied with #4). He gets a Bullet Workout since that race.
- **Step 2 (Forgive & Forget):** #2 Stop Being Greedy had a legitimate excuse ("Brk in bmp") in his comeback race after nearly a year off. With the "2nd Off Layoff" angle and back class (92 speed in 2024), he is a major threat.
- **Step 4 (Hidden Class):** #5 Friolento is dropping from \$17.5k to \$8k. While his recent speeds are low (59, 68), his back class suggests he fits here if the drop wakes him up.

## Section 2: Projected Fractions & Final Time

Based on Par Times and Pace Personas (E/P)

- **Fractional Par:** 48.2 (1/2) | 1:12.3 (3/4) | Final: 1:49.1
- **Projected Leader:** **#4 Show Off (E/P 5)** or **#3 Charlie's Wish (P 3)**.
- **Race Flow: Slow / Paceless.** There are **ZERO "E"** (Early) types in this field.
- **Impact:** This setup heavily favors horses with **Tactical Speed (E/P or P)** who can inherit a slow lead. Deep closers (#1, #2, #5, #9) are at a significant disadvantage unless they move early.

## Section 3: Race Flow & Trip Shape

- **Pace Scenario: Soft (No E Types).**
- **Bias Warning: Speed Bias: 76%** (MEET Totals for 5f? No, check Route stats). *Correction: Route bias is often fairer, but a Soft pace creates a dynamic bias favoring the front.*
- **The Lead:** #4 Show Off and #3 Charlie's Wish likely find themselves on a slow lead by default.

- **The Stalk:** #6 For Flying and #7 Mama Bella sit close.
  - **The Close:** #1 Design, #2 Dancing N Dixie, and #5 Oshala will need to overcome slow fractions.
