-  **Track:** Del Mar
-  **Date:** Saturday, August 08, 2026
-  **Race:** Moc 150000, 5 1/2 Furlongs (Dirt)
-  **Status:** Finalized (v6.8.3)

Section 2: Projected Fractions & Final Time

- Pace Scenario:** Alpha Controls
- TS Ignition (1/4):** A- 22.38
- TS Surge (1/2):** C+ 46.10
- TS Closer (Fin):** B 1:05.35

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Alpha Controls — the controlling speed clears the cluster and dictates soft fractions.

Early Speed Edge: #5 High Pronto holds the front-running edge, validated by an A-grade TS Ignition and C-grade TS Surge.

Late Kick / Pace Beneficiary: #4 Billy Goat holds the Late Kick Advantage and is the primary beneficiary of the tracking trip just off the leader.

Deep Flow Analysis: In a field dominated by juvenile First-Time Starters, exposed speed is limited. #5 High Pronto is projected to clear early based on his aggressive debut sprint, securing the rail and dictating comfortable terms. #4 Billy Goat will sit the ideal tracking trip from the outside, applying mild pressure around the turn. With early fractions projected as honest-to-soft, the front-runners hold a distinct tactical edge heading into the stretch, forcing the unproven newcomers to pass them late.

B. FIELD SUMMARY (Ranks 5+)

- **#1 Summer Mischief (ML 12/1):** TPN 85 (Fringe). FTS with strong Dam production; faces deeper pedigree ceilings.
- **#2 Character (ML 4/1):** TPN 81 (Fringe). FTS by Cyberknife; stable typically gives them a race to learn.
- **#8 Shake for One (ML 12/1):** TPN 78 (Non-Contender). FTS by Tacitus; outside draw and cold barn stats temper expectations.
- **#7 Beatnik (ML 20/1):** TPN 75 (Non-Contender). FTS with soft connections and inside draw in a field of green juveniles.
- **#6 Boss Man Bolt (ML 5/1):** TPN 74 (Non-Contender). [Declining velocity; exposed early vulnerability without tactical speed.]

 Section 5: Automated Deep Dive & Re-Rank (Mandatory)

- **Proven Capability Audit:** #6 Boss Man Bolt flashed a B+ TS Velocity matching the par in his first start but regressed structurally. He holds no secondary surface advantages to trigger an override.
- **Forgive & Forget:** No major trouble flags identified in recent starts for the experienced juveniles.
- **Value Promotion Trigger (VPT):** Chalk Mode is active (FAV 52%). The #1 and #2 PP horses (#4 Billy Goat, #5 High Pronto) are firmly locked into the Top 5. No deep-priced Chaos candidate possesses the mathematical foundation to shatter the floor.
- **Meltdown Hunter:** The scenario locked as Alpha Controls. A pace collapse is structurally forbidden by the bias and NL counts. Closers are explicitly faded in this layout.
- **Hidden Class Protocol:** #9 Another Warrior lacks prime power history but dominates the FTS Pedigree math with a Tier 1 Sire and live connections, pushing him cleanly to the top.

 Section 6: Final Rankings

4	5	High Pronto	89	86	3/1	Contender		Elite barn reset; lone speed
5	1	Summer Mischief	85	82	12/1	Fringe		Live dam production line

(Legend:  =Alpha Speed,  =Class Edge,  =Overlay,  =Chaos/Closer,  =Underlay,  =Watch)

Section 7: Overlay Gatekeeper Audit

- **LIVE OVERLAY (⚡):** None triggered cleanly across all thresholds.
- **WATCH OVERLAY (👁️):** #3 El Jabali (Normalized TPN 93, ML 12/1) represents massive exotic value strictly off the breeding algorithms and morning works. #1 Summer Mischief (12/1) is a viable underneath saver.
- **Action:** Must use #3 El Jabali in exactas and trifectas to juice the payouts underneath the logical experienced horses.

Quick Race Call & Summary

- **Race Flow:** #5 High Pronto projects to command the early tempo, tracked intently by #4 Billy Goat in a race dictated by forward positioning.
- **Most Likely Winner:** #9 Another Warrior — projected to overcome greenness immediately based on an elite sire line and capable barn intent.
- **Main Danger:** #3 El Jabali — logical threat if the top falters, flashing plenty of morning speed.
- **Value/Chaos Threat:** #4 Billy Goat — experienced profile who could capitalize if the newcomers misfire.

AI Call: Expect Another Warrior to prove best, with El Jabali the danger.

TrackSmart AI – Race 2 Analysis

 **Track:** Del Mar

 **Date:** Saturday, August 08, 2026

 **Race:** OCIm 50000, 1 Mile (Turf)

 **Status:** Finalized (v6.8.3)

Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Contested Turf / LP Priority
- **TS Ignition (1/4):** A+ 22.80
- **TS Surge (1/2):** A+ 46.25
- **TS Closer (Fin):** A 1:35.10

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Turf / LP Priority — the highest TS Closer (turn-of-foot) inherits the jump in a scenario where early leaders naturally rate.

Early Speed Edge: No lone controlling speed — early positions contested.

Late Kick / Pace Beneficiary: #8 Hey Lil Lady holds the Late Kick Advantage and is the primary beneficiary of the collapsing pace.

Deep Flow Analysis: Several fillies display pressing tactical speed, but with zero true Need-the-Lead types on the roster, the early tempo will be honest rather than suicidal. #1 Eternal Reign and #4 Wildfire Princess are likely to secure forward position into the first turn, pressing each other mildly. Because this is a Turf Route, cardiovascular stamina and late turn-of-foot absolutely dominate the physics. #8 Hey Lil Lady and #2 Hannah Buckle are perfectly positioned to track the leaders and launch their explosive late kicks as the front end hits the final furlong wall.

B. FIELD SUMMARY (Ranks 5+)

- **#7 With Love (ML 8/1):** TPN 76 (Fringe). [Faces stiff class rise after restricted victory; lacks elite turn-of-foot.]
- **#4 Wildfire Princess (ML 8/1):** TPN 73 (Non-Contender). [Declining velocity figures; struggles against graded/A-level pars.]
- **#5 Anywaythewindblows (ML 8/1):** TPN 70 (Non-Contender). [Class rise exposes modest velocity ceiling.]
- **#6 Sunset Grazen (ML 8/1):** TPN 68 (Non-Contender). [Pace disadvantage from wide draw; raw speed deficit is severe.]

 Section 5: Automated Deep Dive & Re-Rank (Mandatory)

- **Proven Capability Audit:** #7 With Love steps up off a win but does not trigger the Turf Class Revival criteria against this specific caliber of field.
- **Forgive & Forget:** #8 Hey Lil Lady has an extended layoff, but her 97 LP allows her to retain Contender status in a Turf Route environment where late kick dictates outcomes.
- **Value Promotion Trigger (VPT):** Chalk Mode active. The top PP horses are protected. No deep overlays qualify for

the automated bump.

- **Meltdown Hunter:** Turf Route physics bypass the dirt meltdown logic; LP scores inherently elevated the correct closers (#2, #8) organically.
- **Hidden Class Protocol:** No bottom-tier Prime Power horses show the hidden back-speed required to circumvent their current form deficits.

 Section 6: Final Rankings

Rank	#	Horse	Raw TPN	Norm TPN	ML	Tier	Alert	Rationale

3	8	Hey Lil Lady	86	83	8/1	Contender		Turn-of-foot threat despite layoff
4	3	Nikolina	82	79	6/1	Contender		Sharp works; distance progression
5	7	With Love	76	73	8/1	Fringe		Form plateau; steep class test

(Legend:  =Alpha Speed,  =Class Edge,  =Overlay,  =Chaos/Closer,  =Underlay,  =Watch)

 Section 7: Overlay Gatekeeper Audit

- **LIVE OVERLAY ():** None hit the strict >85 TPN + 6-1 parameters flawlessly.
- **WATCH OVERLAY ():** #8 Hey Lil Lady (Normalized TPN 83, ML 8/1) is highly dangerous. While she suffered a layoff penalty, her Late Pace rating is elite.
- **Action:** #8 Hey Lil Lady is a mandatory inclusion in exotic structures (exactas/trifectas) underneath the class-dropping favorites.

 Quick Race Call & Summary

- **Race Flow:** #1 Eternal Reign and #4 Wildfire Princess will establish a realistic, tracking tempo, providing a fair setup for the stalkers and closers.
- **Most Likely Winner:** #1 Eternal Reign — projected to get the best trip and figures edge dropping from much tougher Southern California stakes company.
- **Main Danger:** #2 Hannah Buckle — logical threat if the top falters, wielding a devastating late kick.
- **Value/Chaos Threat:** #8 Hey Lil Lady — longshot profile who could juice exotics if she fires fresh.

AI Call: Expect Eternal Reign to prove best, with Hannah Buckle the danger.

-  **Date:** Saturday, August 08, 2026
-  **Race:** BestPal-G3, 6 Furlongs (Dirt)
-  **Status:** Finalized (v6.8.3)

 Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Alpha Controls
- **TS Ignition (1/4):** A+ 21.80
- **TS Surge (1/2):** A+ 44.55
- **TS Closer (Fin):** B 1:10.20

 Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Alpha Controls — the controlling speed clears the cluster and dictates soft fractions.

Early Speed Edge: #2 He Is No Lie holds the front-running edge, validated by an A+-grade TS Ignition and A+-grade TS Surge.

Late Kick / Pace Beneficiary: #6 Kennyten holds the Late Kick Advantage and is the primary beneficiary of the tracking trip just off the leader.

Deep Flow Analysis: In this Grade 3 test for juveniles, #2 He Is No Lie holds a massive tactical advantage. Despite the presence of multiple early-speed types, his raw TS Ignition completely eclipses the field, allowing him to clear cleanly and avoid a destructive duel. With the track displaying a heavy 80% speed bias, this alpha clearance is lethal. #6 Kennyten and #1 Phone Booth will scramble for the tracking positions, but they are playing for second unless the leader regresses.

B. FIELD SUMMARY (Ranks 5+)

- **#1 Phone Booth (ML 12/1):** TPN 71 (Fringe). [Faces steep class rise; speed figures trail the top tier significantly.]
- **#5 You Want Some (ML 8/1):** TPN 68 (Non-Contender). [FTS with modest pedigree indicators; faces monsters on debut.]

 Section 5: Automated Deep Dive & Re-Rank (Mandatory)

- **Proven Capability Audit:** No fringe horses possess the graded stakes back-class required to trigger a reversal in this 2yo field.
- **Forgive & Forget:** #1 Phone Booth won his debut but the raw speed figure was extremely light; no trouble excuse warrants ignoring the gap against graded company.
- **Value Promotion Trigger (VPT):** Chalk Mode active. The top contenders hold structural advantages that cannot be bypassed.
- **Meltdown Hunter:** Pace scenario locked as Alpha Controls due to the heavy track bias. The alpha speed (#2) is protected and closers are inherently disadvantaged.
- **Hidden Class Protocol:** #4 Icanhelpmyself triggers the FTS Phantom Upside rule, easily displacing the exposed slower winners into the top 4.

 Quick Race Call & Summary

- **Race Flow:** #2 He Is No Lie is structurally much faster than his rivals early and projects to clear the field, dictating the race from the front on a speed-favoring surface.
- **Most Likely Winner:** #2 He Is No Lie — projected to get the best trip and figures edge.
- **Main Danger:** #6 Kennyten — logical threat if the top falters, though he must overcome early pressure.

- **Value/Chaos Threat:** #4 Icanhelpmyself — newcomer profile who could juice exotics from the outside.

AI Call: Expect He Is No Lie to prove best, with Kennytan the danger.

🐎 TrackSmart AI – Race 4 Analysis

📍 **Track:** Del Mar
📅 **Date:** Saturday, August 08, 2026
🏆 **Race:** Clm 25000, 5 Furlongs (Turf)
🤖 **Status:** Finalized (v6.8.3)

🕒 Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Alpha Controls
- **TS Ignition (1/4):** A+ 21.65
- **TS Surge (1/2):** B+ 44.90
- **TS Closer (Fin):** B 56.40

🏃 Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Alpha Controls — the controlling speed clears the cluster and dictates soft fractions.

Early Speed Edge: #9 Fulanito holds the front-running edge, validated by an A+-grade TS Ignition.

Late Kick / Pace Beneficiary: #5 Code Duello holds the Late Kick Advantage and is the primary beneficiary of the tracking trip just off the leader.

Deep Flow Analysis: In a chaotic Turf Sprint loaded with early pace types, #9 Fulanito's raw TS Ignition (E1) stands far above the field. Supported by the strong Early bias (IV 1.38), the algorithm suppresses a full meltdown projection, allowing Fulanito to clear the inside traffic and dictate terms. #5 Code Duello sits in the garden spot; drawn perfectly inside with massive class/power advantages, he will track the alpha speed and get first run at the top of the stretch. Deep closers are compromised by the turf sprint physics and lack of true collapsing pressure.

B. FIELD SUMMARY (Ranks 5+)

- **#8 Agency (ML 8/1):** TPN 86 (Fringe). [Sneaky fit off the long layoff; class drop helps but must navigate traffic.]
- **#4 Tigerhon (ML 6/1):** TPN 82 (Fringe). [Figures trail the top tier; needs a perfect setup to hit the board.]
- **#1 Jetovator (ML 4/1):** TPN 77 (Non-Contender). [Rust penalty applied; form was declining prior to the break.]
- **#7 Regal Patriot (ML 5/1):** TPN 74 (Non-Contender). [Shelf layoff penalty limits upside against fit rivals.]
- **#6 Malibu Coast (ML 12/1):** TPN 70 (Non-Contender). [Significant raw speed deficit compared to class pars.]
- **#3 Harcyn (ML 8/1):** TPN 65 (Non-Contender). [Layoff penalty; historic speed figures fail to threaten.]
- **#10 Midnite Musket (ML 20/1):** TPN 62 (Non-Contender). [Outclassed based on recent velocity metrics.]

 Section 5: Automated Deep Dive & Re-Rank (Mandatory)

- **Proven Capability Audit:** #8 Agency returns off a 350-day shelf but is dropping significantly in class and possesses a sharp workout tab for a capable 17% Glatt barn, waiving the extreme layoff penalty. He is elevated to Fringe status but cannot crack the Top 4 math against fit monsters.
- **Forgive & Forget:** #2 Sharp Aza Tack was aggressively promoted; his 96 TS Velocity dominates the field and overrides the 0% trainer stats.
- **Value Promotion Trigger (VPT):** Chaos Mode is active (FAV 0%). However, the mathematical gap between the Top 4 and the rest of the field is immense, preventing an artificial longshot bump from scrambling the logical players.
- **Meltdown Hunter:** The Turf Sprint bias suppressor actively vetoed the meltdown. Closers (#6, #11) are at a mechanical disadvantage; #11 Doncic overcomes this purely on raw class and a tactical tracking persona.
- **Hidden Class Protocol:** No deep longshots possess the back-class required to trigger the override.

(Legend:  =Alpha Speed,  =Class Edge,  =Overlay,  =Chaos/Closer,  =Underlay,  =Watch)

Section 7: Overlay Gatekeeper Audit

- **LIVE OVERLAY ():** #2 Sharp Aza Tack (Normalized TPN 90, ML 15/1) is a massive overlay. The algorithm completely ignores his cold barn because his raw speed figure (96) is vastly superior to the 93 Par.
- **WATCH OVERLAY ():** #9 Fulanito (Normalized TPN 87, ML 8/1) gets the alpha speed upgrade in a sprint that suppresses meltdowns.
- **Action:** #2 Sharp Aza Tack is a mandatory Win bet at 10-1 or higher and must be used on top in exactas.

Quick Race Call & Summary

- **Race Flow:** #9 Fulanito will rocket to the lead, while #5 Code Duello and #2 Sharp Aza Tack sit perfect, ground-saving tracking trips directly behind him in a fast but fair turf dash.
- **Most Likely Winner:** #5 Code Duello — projected to get the best trip and figures edge dropping into a comfortable spot.
- **Main Danger:** #11 Doncic — logical threat if the top falters, boasting massive back-class.
- **Value/Chaos Threat:** #2 Sharp Aza Tack — longshot profile who could juice exotics purely on raw, undeniable speed.

AI Call: Expect Code Duello to prove best, with Doncic the danger.

TrackSmart AI – Race 5 Analysis

 **Track:** Del Mar

 **Date:** Saturday, August 08, 2026

 **Race:** Clm 12500n2L, 5 1/2 Furlongs (Dirt)

 **Status:** Finalized (v6.8.3)

Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Contested / Honest-Fast
- **TS Ignition (1/4):** A 22.15
- **TS Surge (1/2):** A 45.40
- **TS Closer (Fin):** C+ 1:04.90

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Contested / Honest-Fast — multiple speeds hook up early, but the lack of closer quality allows the classiest speed to survive.

Early Speed Edge: #2 Ima Track Star and #3 Desert Kat hook up in a contentious duel, validated by A-grade TS Ignitions.

Late Kick / Pace Beneficiary: #4 Johnlino sits the ideal tracking spot just off the blistering pace to inherit the lead in the stretch.

Deep Flow Analysis: This is a classic low-level claiming scramble with four genuine Need-the-Lead types and three Pressers. On paper, it looks like a total meltdown. However, the track bias favors early speed (IV 1.32), and the algorithm's Closer Quality Gate aborted the meltdown penalty because there are literally no closers in the field capable of passing tired horses (the only P-style horse has a speed figure of 25). Therefore, the race resolves into a survival of

the fittest among the early speeds. #2 Ima Track Star possesses the tactical clearance and class to outlast the duel, while #4 Johnlino gets the garden spot tracking the chaos.

- **#6 Tiger Strength (ML 15/1):** TPN 65 (Non-Contender). [Massive speed deficit; hopelessly overmatched on paper.]

Section 5: Automated Deep Dive & Re-Rank (Mandatory)

- **Proven Capability Audit:** No trailing horses exhibit the back-class or hidden trip excuses necessary to bridge the gap into the top tier.

- **Forgive & Forget:** #8 Chapter One has poor recent speed figures, but no trip excuse validates ignoring them. The decline is genuine.
- **Value Promotion Trigger (VPT):** Neutral Mode active. The Top 4 hold significant mathematical separation from the bottom tier.
- **Meltdown Hunter:** Despite 4 NL types, the Closer Quality Gate successfully aborted the meltdown penalty. There are simply no closers in the field fast enough to win. The speed horses must sort themselves out.
- **Hidden Class Protocol:** No deep overlays possess the Prime Power discrepancies required to force a promotion.

Quick Race Call & Summary

- **Race Flow:** A chaotic, fast-paced scramble early as #1, #2, #3, and #7 all gun for the lead. However, #2 Ima Track Star possesses the superior class to outlast the pressure.
- **Most Likely Winner:** #2 Ima Track Star — projected to get the best trip and figures edge through sheer attrition.
- **Main Danger:** #3 Desert Kat — logical threat if the top falters, breaking from a great inside post.

- **TS Ignition (1/4):** A- 23.55
- **TS Surge (1/2):** A- 47.60
- **TS Closer (Fin):** A 1:42.20

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Turf / LP Priority — lacking any true committed early speed, the pace projects to be moderate, keeping the field bunched and placing a premium on late turn-of-foot.

Early Speed Edge: No lone controlling speed — early positions contested. #1 Corkscrew Andy and #4 Go Ralph possess enough tactical sprint-to-route speed to inherit the garden spot.

Late Kick / Pace Beneficiary: #6 Conquer We Must holds the Late Kick Advantage and is the primary beneficiary of the moderate turf flow, carrying an A-grade TS Closer.

Deep Flow Analysis: Without a dedicated front-runner entered, expect a compact group to coast through the opening half-mile with virtually no pace stress. Corkscrew Andy may find himself on the engine by default given his rail draw. The lack of pressure ensures the leaders will have plenty in reserve midway through the far turn. Ultimately, the race will develop into a pure sprint for home, perfectly setting up Conquer We Must, whose elite closing metrics and ascending positional readiness project a massive stretch rally.

- **Main Danger:** #2 Constitution Andi — logical threat if the top falters.
 - **Value/Chaos Threat:** #4 Go Ralph — longshot profile who could juice exotics.

🐎 TrackSmart AI – Race 7 Analysis

- 🏠 **Status:** Finalized (v7.0)

🕒 Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Soft / Vulnerable Lead
- **TS Ignition (1/4):** C+ 22.80
- **TS Surge (1/2):** C 47.10
- **TS Closer (Fin):** B 1:05.40

🌊 Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Soft / Vulnerable Lead — the lone committed speed (#10 Thirsty Caitlin) will likely gain an early advantage but projects to tire given historically low surge metrics, opening the door for closers and elite first-time starters.

Early Speed Edge: #10 Thirsty Caitlin is the only horse to show true early zip, but her weak C-grade TS Surge makes her highly vulnerable to pressure.

Late Kick / Pace Beneficiary: The Deep Closer(s) are live; the weak leader is a target, not an asset. Unexposed first-time starters (#3 Just Work It Out and #7 The Chosen Bride) naturally benefit as they are trained to close and finish their works strongly.

Deep Flow Analysis: With a massive field of 2-year-olds and only one exposed speed horse, the break will be chaotic. Thirsty Caitlin should clear early from the outside, but her historical fade pattern indicates the fractions will collapse late. The race shape heavily favors the well-meant first-time starters from elite barns who have been drilled to sit behind early chaos and strike in the final furlong.

TrackSmart AI – Race 8 Analysis

- Track**: Del Mar
- Date**: Saturday, August 08, 2026
- Race**: YlwRbbn-G2, 1 1/16 Miles (Turf)
- Status**: Finalized (v7.0)

Section 2: Projected Fractions & Final Time

- **Pace Scenario**: Turf / LP Priority
- **TS Ignition (1/4)**: A 22.85
- **TS Surge (1/2)**: A+ 46.10
- **TS Closer (Fin)**: A 1:40.85

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Turf / LP Priority — despite the presence of one brilliant stalker, true turf routes are decided by late turn-of-foot, creating an honest but controlled flow that elevates the strongest closers.

Early Speed Edge: No lone controlling speed — early positions contested. #4 Princesa Moche boasts a massive A+ TS Surge to keep the field honest, but she prefers to track rather than dictate terms on the engine.

Late Kick / Pace Beneficiary: The highest TS Closer (turn-of-foot). #5 Take A Breath and #6 Warming hold the ultimate late-kick advantage and will get the perfect setup as the tactical speeds flatten out.

Deep Flow Analysis: In a field lacking a true "need-the-lead" rabbit, Princesa Moche will likely find herself dictating a comfortable rhythm by default. Because she won't be hounded through the middle fractions, the pack will stay tightly bunched through the far turn. This plays directly into the hands of elite turf closers like Sweet Rebecca and Warming, who possess the tactical agility to sit in the garden spot and the devastating A-grade closing kick required to sweep past in the final sixteenth.

🐎 TrackSmart AI – Race 9 Analysis

- 📍 **Track:** Del Mar
- 📅 **Date:** Saturday, August 08, 2026
- 🏆 **Race:** OC 20000n1x, 6 Furlongs (Dirt)
- 🏠 **Status:** Finalized (v7.0)

🕒 Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Alpha Controls
- **TS Ignition (1/4):** B 22.30
- **TS Surge (1/2):** B+ 45.40
- **TS Closer (Fin):** B 1:10.80

🌊 Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Alpha Controls — due to the extreme speed bias of the dirt surface, a projected meltdown is suppressed. The fastest early horse dictates terms and clears the cluster, rendering the pace honest but absolutely controlled.

Early Speed Edge: #4 Supernal holds the front-running edge, validated by a B-grade TS Ignition and B+-grade TS Surge, easily out-sprinting the softer inner speed.

Late Kick / Pace Beneficiary: Alpha Controls — the Catbird / Garden Spot horse getting the perfect tracking trip just off the leader. #1 Special Club sits the ideal stalking spot directly behind the front-end action and holds massive closing momentum.

Deep Flow Analysis: The extreme 80% speed bias on the Del Mar main track forces a pace upgrade. While several horses want the lead, Supernal possesses the raw speed points to clear the inside traffic and establish control without destroying himself. The beneficiary of this flow is Special Club, who drew perfectly on the rail, can save all the ground, and explode down the lane with an elite TS Velocity advantage.

B. FIELD SUMMARY (Ranks 5+)

- **#7 Danzing Wild Cat (ML 15/1)**: TPN 86 (Fringe). Late Campaign — Due for a Break. Form flattening out.
- **#3 Miss Jo's Curlin (ML 8/1)**: TPN 85 (Fringe). Up against it regarding raw speed figures; looks heavily outclassed.
- **#2 Crypto Ride (ML 20/1)**: TPN 81 (Non-Contender). Extremely poor speed figures in recent starts; hard to back.
- **#5 Brunchandcrunch (ML 6/1)**: TPN 78 (Non-Contender). Off 9 months; deep closer on a speed biased track.

Section 5: Automated Deep Dive & Re-Rank (Mandatory)

- **Proven Capability Audit:** #7 Danzing Wild Cat boasts massive hidden TS Velocity figures and drops in class; however, his form cycle is red-lining (Late Campaign flag).
- **Value Promotion Trigger (VPT):** Chaos Mode is active. #8 Stay for the Boom sits at 8-1 and receives the 【PROMOTED VALUE】 badge to lock into the Top 4.
- **Meltdown Hunter:** Pace is Alpha Controls. Closers not elevated.

Section 6: Final Rankings & Value Board

2	9	Matt At Five	107	94	2/1	Contender		Takes heat up front but class edge keeps him alive
3	4	Supernal	102	90	5/1	Contender		Fastest early speed will clear and dictate terms
4	8	Stay for the Boom	99	87	8/1	Contender		Will sit right behind the leaders at a solid overlay price
5	7	Danzing Wild Cat	98	86	15/1	Fringe		Deeply hidden speed figures; exotics bomb potential

(Legend:  =Alpha Speed,  =Class Edge,  =Overlay,  =Chaos/Closer,  =Underlay,  =Watch)

Section 7: Overlay Gatekeeper Audit

- **LIVE OVERLAY ():** #4 Supernal (5-1). Will inherit the lead naturally and could get brave if left alone.
- **WATCH OVERLAY ():** #8 Stay for the Boom (8-1). Live longshot based on tactical position and solid class standing.

Quick Race Call & Summary

- **Race Flow:** The massive speed bias of Del Mar suppresses a duel, allowing the fastest early horse (Supernal) to clear the field. However, Special Club drew the perfect rail post to track the speed and strike when they turn for home.
 - **Most Likely Winner:** #1 Special Club — projected to get the best trip and figures edge.
 - **Main Danger:** #9 Matt At Five — logical threat if the top falters.
 - **Value/Chaos Threat:** #8 Stay for the Boom — longshot profile who could juice exotics.
- AI Call:** Expect Special Club to prove best, with Matt At Five the danger.

TrackSmart AI – Race 10 Analysis

 **Track:** Del Mar

 **Date:** Saturday, August 08, 2026

 **Race:** MC 50000, 1 Mile (Turf)

 **Status:** Finalized (v7.0)

Section 2: Projected Fractions & Final Time

- **Pace Scenario:** Contested / Honest
- **TS Ignition (1/4):** A- 23.35
- **TS Surge (1/2):** A 46.90
- **TS Closer (Fin):** B 1:36.50

Section 3: Race Flow & Trip Shape (Expanded)

Projected Race Shape: Contested / Honest — despite a multitude of 'E' runstyles, a lack of committed pure 'need-the-lead' types downgrades the meltdown. The leaders will hook up early, but the fractions will remain controlled enough to protect the inside tracking positions.

Early Speed Edge: #10 Sagunto and #9 Fawcett will duel for early supremacy, pushing an A-grade TS Surge but likely avoiding suicidal fractions.

Late Kick / Pace Beneficiary: Contested-Honest — the Catbird / Garden Spot horse getting the perfect tracking trip just off the leader. #6 Throwthefirstpunch possesses an elite turn-of-foot and will simply wait behind the leaders for the race to fall apart.

Deep Flow Analysis: Several outside horses will push for position into the first turn, ensuring the pace remains honest. Sagunto is the only horse that absolutely must lead, so the others should naturally rate. This perfectly sets up the race for the inside stalkers. Throwthefirstpunch boasts a massive Late Pace advantage and simply has to sit quietly on the rail until a gap opens in the stretch.

B. FIELD SUMMARY (Ranks 5+)

- **#14 Big Vengeance (ML 8/1)**: TPN 88 (Fringe). Pushes the pace but drawn incredibly wide; extremely tough trip.
- **#9 Fawcett (ML 5/1)**: TPN 86 (Fringe). Massive early speed, but history dictates a fade at this distance.
- **#13 Still Bulletproof (ML 12/1)**: TPN 84 (Fringe). Too slow on paper, requires a full pace collapse to matter.
- **#3 Lucky Sniper (ML 15/1)**: TPN 81 (Non-Contender). No early speed, no late speed; completely outclassed.
- **#1 Heroic Dose (ML 8/1)**: TPN 80 (Non-Contender). Modest figures through two starts for this barn.

- **LIVE OVERLAY ()**: #7 Dr. Filkins (5-1). Avoids the duel and has the class to close it out.
- **WATCH OVERLAY ()**: #5 Non Domicile (5-1). Will secure a perfect ground-saving trip from the rail.

 Quick Race Call & Summary

- **Race Flow**: The field is loaded with E and E/P types, but none are truly suicidal. Sagunto will try to clear, but Throwthefirstpunch will be sitting in the absolute perfect spot to pounce turning for home with an A+ late kick.
